

Candidate Spotlight – May 2025

Top-tier talent from DSA Executive

1. Strategic Account Manager - Automotive & Chemicals

DSA Reference: DSA-21046

Location: Midlands

Salary Sought: £85,000 +

Availability: 1 Month

A commercially astute professional with extensive experience managing global client relationships in logistics and freight forwarding. Proven track record of revenue growth and operational optimisation. Skilled in high-level contract negotiation, stakeholder engagement, and strategic planning across multi-national accounts.

2. Operations Director – Manufacturing, Packaging & Aerospace

DSA Reference: DSA-23137

Location: North West England

Salary Sought: £120,000

Availability: Immediate (Will also consider Interim / Contract)

An accomplished operations leader with deep expertise in lean manufacturing, supply chain optimisation, and production efficiency. Successfully led cross-functional teams through major transformation programmes and ERP implementations. Brings strong leadership presence, cost-control capability, and board-level communication skills.

3. Supply Chain Director – Pharma & Healthcare

DSA Reference: DSA-23139

Location: South East / Flexible

Salary Sought: £140,000

Availability: 2 Months

A highly experienced supply chain executive with a strong background in pharmaceutical and healthcare logistics and compliance. Adept at leading end-to-end supply chain functions, including global sourcing, planning, and cold chain distribution. Trusted advisor to senior stakeholders with a focus on quality, continuous improvement and sustainable performance.

4. Managing Director / CEO

DSA Reference: DSA-22147

Location: London / Flexible / Europe / Asia

Salary Sought: £190,000 +

Availability: Negotiable

A dynamic and commercially driven CEO with over 20 years' experience leading complex logistics operations across the FMCG sector. Proven success delivering end-to-end supply chain transformation, market expansion, and operational excellence in global environments. Recognised for building high-performing, cross-cultural teams and driving growth through innovation, digitalisation, and customer-focused strategies. Extensive leadership experience across Europe, Asia, and the Americas, with deep expertise in 3PL, warehousing, last-mile delivery, and integrated logistics solutions for major FMCG brands. A strategic thinker with board-level influence and a strong track record of P&L accountability in fast-paced, high-growth environments.
